These posters can be downloaded from www.karen.org.au

These posters are designed to be printed in colour on A3-sized paper. We would suggest that you laminate the posters so they can be used many times.

We have created these posters for use by community groups, churches, or monasteries.

In Australia we have displayed them at Karen festivals so that Australians with little knowledge of the Karen people can easily learn more.

We would urge groups to display all of the posters. For example, we would encourage Karen Christians to display the posters about Karen Buddhists and Karen Muslims, not just the posters about Karen Christians.

For copyright reasons, these posters can be printed and used for free distribution only. You cannot print these posters and sell them.
